

Hello Valued Patient,

After 44 years as a full-time solo practitioner in Dermatology, I am transitioning on December 31, 2021, to Luminary Dermatology PA so that I can work part-time beginning January 2022. I would like to take this opportunity to thank you for your continued trust and confidence in permitting me to provide for the skin care needs of you and your family over the years. In an effort to ensure that my patients continue to receive the best possible care, I have sold the assets of my practice, Phyllis Skolnik MD PA to Luminary Dermatology, and I will be joining them as an employee of their practice. They will be located in my current office at 8720 N Kendall Drive, Suite 118, Miami, FL 33176. The phone and fax numbers remain the same.

Beginning January 2022, working in this office with me will be Harib Ezaldeen, MD and Miesha Merati, DO:

- **Dr. Ezaldeen** is a Board-Certified Dermatologist and Fellowship-Trained Mohs Micrographic Surgeon. With over 80 scientific publications, Dr. Ezaldeen has an interest in dermatology research and mentoring medical students. He is particularly interested in collaborations and conducting clinical trials for innovative and meaningful therapies.
- **Dr. Merati** is a Board-Certified Dermatologist and a fellowship-trained dermoscopy expert, specialized in the early detection of melanoma and non-melanoma skin cancers. She trained under internationally acclaimed leaders in medical and cosmetic dermatology, is actively engaged in research and clinical trials, and received several research and presentation awards.

Phyllis Skolnik, MD PA is being closed and Luminary Dermatology has agreed to be the records custodian for your medical records. At your written request, copies of your records can be provided to you or to a healthcare provider that you designate.

I want to thank you for the years of trust you placed in me as your Dermatologist and, along with Drs. Merati and Ezaldeen, look forward to continuing to provide your dermatologic care including the addition of Mohs Surgery and cosmetic dermatology. As you know, many of you were more than patients, but friends who I look forward to seeing in the office. Join me in welcoming Luminary Dermatology and Drs. Merati and Ezaldeen to our community.

Sincerely,

Dr. Phyllis Skolnik
